Welcome to Britannica Online School Edition
www.school.eb.com

Britannica Online School Edition offers encyclopedias and related materials for students of all levels. Users can also take advantage of the Learning Materials, a collection of educational exercises, activities, and study guides.
LEARNING MATERIALS

Science > Biology/Life Science > Interactive Lessons
Note: These activities require Shockwave and may take a while to download using modem connections of 56k or less.

AIDS: How HIV Attacks and Destroys the Immune System
Explanation of how HIV replicates in T4 cells and compromises the immune system.

Cloning
The method by which Dolly the sheep was cloned is presented, along with the ethical considerations of human cloning.

Digestive System
Introduction to the process by which food is dissolved and chemically converted to forms that the body's cells can use.

Dreams
An introduction to various aspects of dreaming, including different cultural and historical perspectives of dreams, dream interpretation, and the neurological process of dreaming.

Multimedia Presentations
Striking images and descriptive audio will engage curious children. The links at the top provide additional activities, quizzes, lesson plans, and more.

Multiple Levels of Learning
Students can choose the level of difficulty and progress to the next level over time.
